**Office Hours:**

**Monday 9-5**

**Thursday 12-5**

**Course Description:** This course is designed to provide students with the fundamental skills needed to guide a group of individuals in a backcountry environment. Throughout the semester students will develop their technical skills, group management techniques, risk assessment tools, and much more. Course material will focus on current theories and

the student with information and skills that will be put to use right away in an actual field environment. Students should come to class prepared to work, discuss, move around and be outside.

questions: what happened, what was the first mistake, can blame be applied, what types of risks were involved, what was done to mitigate those risks, etc. Finally, focus on the lessons to be learned from this event. What would you do differently and why? The

**Plagiarism and Citation**

Honesty is a primary responsibility of you and every other UAF student. The following are common guidelines regarding academic integrity:

1. Students will not collaborate on any quizzes, in-class exams, or take-
