Aloha! I am a 10th grader at RAHL. I am a
member of the football team and the basketball
team. I am also a member of the track and field
team.

The best part of RAHL, I like a lot of things. It is hard to
pick a few. I would say the football team is the best.
They are very good. They have won a lot of games.
I also like the basketball team. They are very good.

It helped me out a lot. Now I know what to expect. I can't
wait to see what we will do next year. I am excited about
the new year.

It's been a great experience so far. I'm not picky about anything and in this case, I'm not picky. Everybody is extremely nice, and I enjoy talking with all of them.

Even though it's hard, it was exactly what I need to prepare me for college. I enjoyed the water skiing, windsurfing, sailing, and Rayo yesterday with

Twin bears was great, but I really don't like being teased, Arlo.

The whole experience good and bad was the best part.

and I have to say, I'm not picky. Future goals? To perform in local pageants.

Future goals: Right now I am just focused on getting through college.

I want to be a mechanical engineer and a teacher.
