

b. URSA, and how to have it work better for the research enterprise at UAF. Many ideas were suggested, including having undergrad research mentored by graduate students as well as faculty, and having more faculty involved in the courses

/osp/policies-and-procedures/facilities-administrative/)

c.) but what about how each institute, center, college or school handles it (posed by Winsor via email), we'll formulate a request for next meeting to circulate

6. Followup on policy review at UAF

a.) the committee looked at Regent's policy as one of many groups tasked to look for inconsistencies with funding agency

policies, laws and practices at UAF

b.) a list of these was produced, the question rose as to what has or will be done

c.) the impression is that some of these will be acted upon at Regent's level, some not, we may not hear to much about it anymore

7. RACs role to serve as an arbiter for disputes with IACUC (<http://www.uaf.edu/iacuc/>) and IRB (<http://www.uaf.edu/irb/>) idea posed by Hundertmark

a.) currently there is little recourse if one runs afoul of either
