“The Government of Ontario has made it clear that they want to see the proposed changes to the Ontario Health Insurance Plan (OHIP) removed from the budget.”

“The proposed changes to OHIP will affect all Ontarians, but especially seniors, people with disabilities and low-income families,” said MPP Garry Mason.

“It is unacceptable that the government would propose to cut \$1 billion from OHIP, which would result in 100,000 Ontarians losing their coverage,” said Mason.
