**Report:**

- The work group's task completion rate has slowed down due to more complex tasks and changing directives. The work group has changed from meeting month to meeting bi-monthly
- Group is unsure what to recommend for Gender Specific Recognition Awards (Outstanding Male/Female Student)
  - o Plan to explore what options there are to loosen gender requirements. Need to contact donor, if applicable.
  - o Unclear how to address gender fluid students
- Travel suggestions document is loaded to the Google folder and ready for review by the work group. No feedback as of yet. An email will be sent to group to encourage feedback.
  - o After suggestions finalized, it is unclear how to display/flag this in fori3.00177e49267c225707d09e710j1020

**Report:**

Provided information about the UniversityAdvocacyCommitteeand provided updates on current projects in the works for visitors. Discussed options for organizing a UAF Volunteer day using the latest resolution (2016-277-3) approved by Staff Council Advocacy committee to look into hosting a food drive focusing on providing food and snacks to Joel's Place and/or the Boys and Girls Club, focusing on a spring time drive to provide items while younger students are out of school for the summer. The online forums were discussed and the HR website is likely the best place to host. Members will continue to work on the details for both volunteer day and online forums.

"•As we continue with the unit review process, we need to determine how Elections Committee plans on identifying which employees fall under which unit (TKLD-Level Banner Level 4). This will give us a starting point to match the units with the employees.

•Melissa has collected the other UA governing body laws. Prior
